BAFFS NATURALS

All-Natural Dog Treats

As one of the most popular fresh meat & charcuterie brands in Turkey, our wide product range are enjoyed by thousands of families, including food-sensitive children and gourmet adults. Now, we are proud to offer the same care, quality and diligence for your pets.

As of 2022, we decided to use our generation-long know how and expertise on food and meat production to produce premium treats for your furry friend. We diligently adhere to international standards on all our processes from sourcing to production and packaging.

BAFFS NATURALS

All-Natural Dog Treats

Our high-capacity factory in Samsun, Turkey has a production license valid in the **EU, USA and Canada** yet we take pride in running our business with the same care for detail as an artisan butcher. All our products are prepared with utmost care by our skilled butchers, health checked by veterinaries and exported with analysis certificates approved by the Ministry of Agriculture in Turkey.

We produce natural chews and treats for dogs and export our products to consumers in the EU, USA and Canada under our own brand, in bulk or with private labelling options. Doypack, vacuum and polybag packaging alternatives are also available.

BAFFS NATURALS

All-Natural Dog Treats

We are advocates of zero-waste food systems and utilize bi-products of our own meat processing facility to create highest quality pet treats.

All our ingredients come from offal and pure meat of free-range and antibiotic-tested animals raised by trusted local producers under veterinarian supervision and with regular health checks.

We apply the same standards to our pet food line and use no additives, colorants, preservatives.

From livestock farming to reaching the end consumer, we know that choosing the right ingredients makes all the difference when it comes to food production. Everything begins with our dedication to having a reliable source of protein-rich clean and valuable natural ingredients, and goes on with our meticulous production processes.

BAFFS NATURALS

All-Natural Dog Treats

We are committed to improving lives of local farmers and urbanites with our unique, sustainable, ethical, traceable and integrated food system. Our consumers know where their food comes from and how it was obtained. We utilize our years of knowledge on quality food production, raw material access and high production capacity in Baffs Naturals to create a similar food system for our furry friends.

As Baffs Naturals team, we utilize highest quality production methods to obtain the most natural and healthy chew and treat products for both domestic and international markets.
